Critical Information summary

Super+ Plan

Super+ Plan

Information about the service

Here's a quick summary of the important bits about your **SUPER** mobile plan. It covers things like the inclusions and how much you need to pay each month.

Your plan is for a post-paid mobile phone service. It gives you access to our network, a mobile phone number, and let you make and receive calls, send and receive messages, and access to mobile data.

This plan has a twelve month minimum term.

What's included and excluded

Unlimited included call value - with your monthly plan you can make unlimited national standard calls to fixed and mobile, including unlimited SMS, standard MMS, voicemail retrieval, 1800 and 13xx calls

Your unlimited included value **can't** be used for making calls and SMSs to international numbers, satellite numbers, and use when roaming overseas. These will incur excess usage charges to your monthly bill.

Calls, MMS or SMS to premium numbers (e.g. 19xx numbers), 1234, 12455, 12456 or other content charges (including third party charges) are barred.

7GB included data - Your unused included data expires each month and cannot be used while roaming overseas.

Information about pricing

The minimum monthly charge is **\$55**. Minimum total cost for the 12 month contract is \$660. Excess Usage charges apply if you use more than your included data, or make calls, send SMS or MMS to any of the non-included numbers, and when roaming overseas. If you desire, opting in to Zero Bill Shock will allow no excess usage charges against your monthly bill*.

Your monthly charges and inclusions are metered and billed from the 28 to 27 of each month. Any plan upgrade or downgrade made on days other than the 27th of any month will be fully charged on the day of the change (current month) and also on 28th (month in advance). Please refer to billing details.

Early termination

If you cancel your service prior to the end of your contract term you will incur early termination charges. These charges are calculated by multiplying the number of outstanding contract months times the minimum monthly contract charge.

Standard calls, SMS/MMS and data charges

Standard Call	Free of charge
---------------	----------------

SMS/MMS standard	Free of charge
------------------	----------------

Data	If you exceed your 7GB Monthly included value, you will be charged \$0.03 for each MB you use over the included value.
------	---

Using your service overseas

Your monthly Included Call and Data value doesn't include usage while you're overseas, so you'll be charged separately for this usage. Roaming is not available in all the countries. Please refer to the International Roaming Rates Sheet.

Additional Features

Roaming and Domestic data bolt-ons are available for this service. Please check Additional Features Sheet for more information.
